22 DAY HOSTILE ENVIRONMENT CLOSE PROTECTION OPERATIVES COURSE (SIA LICENCED)

This course has been designed by CTR Services and forms the core competencies for working within Hostile Environments on PSD and Close Protection tasks. Many operatives working within hostile environments or new operatives that want to move into this environment now need to have not only a greater understanding of physical security and specific hostile environment operational procedures but in some cases the SIA license requirements as well.

Our **HECPO** course has been designed to teach a student the drills, procedures and specific techniques that are required when operating in a close protection role within a hostile environment.
The **HECPO** course comprises of 22 days with live fire weapons and simunitions.

So what will you learn on the HECPO course?

To make the learning progressive, we have split the course into easy to manage segments so that you learn. This is the first time this type of training has been completed in this way. The segments are detailed below:

- Threats
- Personal Security
- Low Level Protection
- Escort Section
- Security Advance
- Conflict Management
- Surveillance
- Protective Defence
- Firearms Training
- Live Final Exercise

Qualifications & Work Progression:

As this course is based around developing skills in order to operate effectively within a hostile environment the training and qualifications match the exact criteria in order to seek employment within hostile environments. As CTR Services Ltd and its partners do not guarantee work, we do operate in hostile environments on a commercial operational level. The portfolios of certificates you will gain by the end of the course are:

- CTR HECPO Certificate.
- Skills for Security Certificate.
- SIA Examination
- Portfolio & CV aid creation.
- BNU Protective Security Certificate

Cost:

The courses are conducted frequently throughout the year and the cost of the HECPO Course (Czech Republic) includes all flights, food / accommodation, weapons / equipment / ammunition and vehicles in Czech Republic.

Call us on **+44 (0) 1493 888356** or email **admin@ctrservices.co.uk** to ask about costs and dates.
