

## Introduction & Regulations

ADR training courses are required for any driver who wishes to deliver dangerous/hazardous goods. Apex continue to offer both the Initial and Refresher courses at our centre in Peterborough.

Drivers carrying goods that are in scope of the ADR regulations are required by law to carry an ADR certificate. The requirement is not determined by the type of vehicle used but by the goods being transported.

An ADR certificate is valid for 5 years. Drivers must take the refresher course and sit exams a minimum of 6 clear weeks before the expiry date of their current licence. Should any candidate fail an exam, they will need to re-sit this element within 16 weeks.
