Adobe Photoshop Advanced

Duration: 2 Days

Scheduled Price: £390 + VAT

On Site Price: £750 + VAT per day for up to 8 delegates

Overview:

Photoshop is the world's most widely used photo-editing and graphics program. But with all its fantastic new features and options, it can bewilder even the most seasoned professional. That's where Aspect Training's Adobe Photoshop Advanced training course comes in: packed with tips, tricks, and lots of practical advice, this course teaches you everything you need to know to edit photos and create beautiful documents in Photoshop.

If you are a user ready to try some advanced techniques, this course will help you take advantage of these powerful tools, not only how they work, but when you should use them. You'll quickly get up to speed on Photoshop's more advanced features.

You'll also find out which features work well, and which aren't worth your time. Containing many hands on worked examples this course is the friendly, thorough training you need. Why settle for anything less?

Prerequisites:

Familiarity with basic photograph editing using Photoshop is required, or attendance of our Photoshop Introduction/Intermediate course.
