A Distance Learning Course is the ideal way to gain a qualification without having the worry of trying to fit your studies around your everyday life. You can complete your studies in your own time and we are on hand seven days a week to help you plan your future.

Course Description

The Distance Learning **Beauty Therapy course** has been created to help develop your skills to a high level of occupational ability also enabling you to perform your own salon services. If you are attracted to the latest technology in Beauty Therapy, carry an artistic flare, and would like job satisfaction, this may well be the course for you.

Our praised Level 3 Beauty Therapy Course helps anybody who wants to work within this developing sector to gain an accreditation that is acknowledged throughout the industry. Better still, this fantastic course requires **no previous experience**, just a desire for the subject! It prepares you to work in a salon with hairdressers, beauticians, skincare specialists and nail technicians, or even to set up your own business or mobile practice, perhaps visiting clients in their own homes. Whichever way you decide to go, you'll love the work and you'll probably make scores of new friends too.

This course is a fully comprehensive course and you will start with learning the basics of anatomy and skin care through to detailed information on the proper use of make-up products, improving the appearance and condition of nails and the treatment of hair (including removal and lightening).

One of our Students' favourites sections is skin care and facial treatments and you are also taught the necessary Health and Safety aspects of working in a salon or considerations you may need to take into account if you are operating in yours or a client's home. Other key areas you will learn are Professional Ethics and the way you need to conduct yourself in a professional salon (Salon Etiquette). Nothing is left out in this course and by the time you have completed this qualification, you will be raring to go!

Previous Knowledge Required

You do not need any prior learning knowledge or experience to take this course. This course is openly available to anyone who wishes to take part in a highly rewarding home study course, although you would be expected to have a reasonable standard of literacy. You have the freedom to start the course at any time and continue your studies at your own pace for a period of up to 12 months from initial registration with the full support of your Tutor.

Support

You will receive the entire package of course materials in a single dispatch together with dedicated Tutor Support for 12 months. All assignments are marked by one of our professional Tutors who will offer regular feedback and guide you through your course.

You will be provided with the telephone number for your dedicated Student Support Team who will be available for any other queries that you may have whilst completing your course. You can be assured that you will receive unlimited support for your home study course, so there is no need to struggle or feel isolated during your studies.

Assessment

You must successfully complete a series of activities and assessments. Once all assessments and activities have been completed, you will then be awarded your certificate. The good news is, there is no final exam.
