TAQA SPOC

'I completed this course via distance learning this is the first time I have used this source. I found all members of the team very accessible and received constructive feedback and support. The moodle site was easy to navigate around and having access to tutors via the messages was very useful. The course was very in depth and I have learnt such a lot completing it, I know once I qualify I will take such a lot from it that I will be the best assessor I can be. I plan to continue in my learning development using the tools advised within the programme. I would like to congratulate the team on having a very well organised structure to the course and hope to work with them again in the future. Thank you all for the support and most of all the chance to gain a qualification. Thanks again.

My tutor would answer any question I had no matter if it was 1am or 7am. I have to say it took me a while to get used to the system, but once I did, it fell into place. As my tutor would agree, I'm 'to the point' kinda guy, and sometimes felt that the answers could be condensed, but I understand that there are guidelines to follow and adhered to. Thanks a million Pct2U. **Danny – Award in Education and Training Level 3 Student & TAQA Certificate Level 3 Student 2014 – Donegal, Ireland**
