## **How long do I have to complete my courses?**

You may study at your own pace and only request your exam when you feel ready. The majority of courses include a learning review which will help you to understand what you have learned. Once you feel you can complete this with ease then you should be ready for your exam. Some students complete quickly others can take up to a year or longer to complete. We shall ask you the month and year you purchased your course when requesting your exam so kindly keep a note of the month and year you place your order.

## **Support & Tuition**

If you require any tuition throughout your studies you can email us with your question. You will receive a reply within 24hrs from the tutor who specialises in the subject you are taking. You will also be sent access to the Student Online Library where you will find further reading/tips on your chosen subjects and helpful mini training videos.

## **Easy Payment Options**

To help you spread the cost of your courses you can opt to pay via easy payments. You will be sent your package over a period of 3 months. You will receive one course per month and although you may submit your exams we are unable to issue you with your qualification until complete payment has been made.
