

Opal SPM Academy

SPMU Foundation Course - Eyebrows

This is an intensive extended three day course. You will carry out 3 practicals on models (which we will arrange for you). The course will focus on key areas of Permanent Makeup (Eyebrows). This is ideal for anyone who wants to add semi-permanent makeup to their treatment lists and be ready to start up their business on completion. You will be able to obtain your insurance and special treatments license after completion of this course and we will continue to offer support. This course can be tailored to you as an individual.

- Three days training
- Anatomy
- Sterilization and Health and Safety
- Treatment area set-up
- Eyebrow designing
- Consultation procedure
- Machine techniques on practice skin
- Colour mixing
- Pre and Post procedure guidelines
- Anesthesia and its applications
- Touch-ups
- Consent forms
- Business procedures
- Demonstrations
- Minimum three procedures performed on models
- SPMU Technician Certificate
